- Hooper Intern

Renovations: a lot of our space is doubling

Improve our image with the university, possibly set up a focus group

Update our brochure with the accomplishments from the past year possibly

ASA update: trying to put together ASA courses for the winter in the Caribbean and Key West 103, 104 and 106, our goal is to keep the club active during the winter

Lift Out: is going good and everyone is up to date and aware that it is happening, only 2 private boats have confirmed, we need to decide what boats are going in the barn and what ones are going to be shrink wrapped

No meeting next week, the next meeting is two weeks from tonight October 27th

Head of instruction needs to be approved, read the final description, made the head of instruction and the sailing coach one position as fulltime with a larger salary, the head of instruction is the heavier weighted position

Racing Equipment: We don't have very many buoys that are in good shape, possibly buy new ones

Fundraising: brainstorm new ideas

Upcoming Events: Tech ID's, next weekend is lift out, buccaneer's ball 8pm-12am Thursday October 28th
